

## **A Mother's Dual Duty**

This illustration captures the essence of motherhood in Israel's current reality. The mother, having just returned from her duties in IDF, savors a precious moment with her little one before saying goodnight. This image reflects the challenging balance many Israeli women face—serving their country alongside men while maintaining their roles as loving mothers. It's a reminder of the sacrifices made by families during times of conflict, where the line between soldier and parent often blurs. The child, safe in their mother's arms, represents hope amidst the turmoil. Despite the hardships of war, this moment of connection shows the strength of a mother's love, and the resilience of Israeli families.
