

Tension

The illustration depicts a poignant allegory of the Israel-Hamas hostage deal. A taut yellow ribbon, symbolizing the nation's collective tension and hope, is shown stretched to its limit. The ribbon is barely holding together, clinging by a single, fragile thread. This image represents the tenuous nature of the hostage negotiations and the intense emotional strain felt by the Israeli people. Just as the ribbon hangs by a thread, the entire nation stands united in a state of anxious anticipation, fervently praying for the safe return of their loved ones.
